WHAT FORM A COLLECTS

Four blocks, top to bottom. Finish each one before scrolling on.

1

Facility demographics

District, chiefdom, health facility and facility type. Chosen from lists — never typed.

2

Facility information

Health workers doing malaria services, the In-Charge, their gender and cadre, and the date of the visit.

3

Supervisors

Everyone on the supervision team: name, sex, designation, organisation, phone and a signature on screen.

4

Staff met

The facility staff you spoke to: name, sex, cadre, unit and phone. Add one card per person.

Red star * means the answer is compulsory. The form will not submit until every starred question is answered.

STEP 1 · WHERE ARE YOU?

Questions 1 to 4 — tap each list and pick from it.

1

District

Tap and pick the district you are supervising in.

2

Chiefdom / Zone / City

Only chiefdoms inside that district appear here.

3

Health facility (PHU)

Only facilities inside that chiefdom appear here.

4

Facility type

Fills itself from the facility list. Check it, don't guess it.

If a name is missing from a list, stop and report it — do not choose a nearby facility instead.

WHY A FIELD LOOKS LOCKED

Each list only wakes up once the one above it is answered.

Answer left to right. The fourth box is filled in for you.

Grey box, grey text = not your turn yet. Scroll up and finish the question above it.

If every list is empty

The facility list file did not load. Close the form, reopen it from the portal, and let it finish loading before you start. Report it if it happens again.

STEP 2 · THE FACILITY AND ITS IN-CHARGE

Questions 5 to 9.

5

Health workers for malaria services

Count the staff who actually provide malaria services here.

6

Name of the In-Charge

Write the full name as it appears on the duty roster.

7

Gender and cadre

Tap the answer — the whole bar turns blue when it is selected.

8

Date of visit

Already set to today. Change it only if you are entering an older visit.

STEP 3 · THE SUPERVISION TEAM

One card per supervisor. At least one is compulsory.

1

Name, sex, designation
Compulsory for every supervisor on the card.

2

Phone — exactly 9 digits
Letters and spaces are refused. 099177283, not +232 or 0 in front.

3

Signature
Sign on the screen with a finger. Clear Signature wipes it and you sign again.

4

+ Add Supervisor
Adds another blank card. Remove one with the red ✕ on its header.

REVIEW & SUBMIT FORM A

STEP 5 · READ THE SUMMARY BEFORE YOU CONFIRM

Your last chance to fix a mistake.

1

Check the location block

District, chiefdom, facility and type — the whole visit hangs on these four.

2

Check every phone number

Nine digits, and reachable.

3

Sig: ✓ or ✗

A tick means the signature was captured. An ✗ means go back and sign again.

4

Cancel to fix · Confirm to send

Cancel returns you to the form with everything still there.

WHEN THE FORM COMPLAINS

A message like this means one answer needs fixing — nothing is lost.

- 

“Phone must be 9 digits”

Remove the +232, the leading 0 pair or the spaces until nine digits remain.
- 

“Add at least one supervisor”

The supervisor card is blank. Fill name, sex, designation, phone and signature.
- 

“Please select District”

A location list was skipped. Work down from question 1 again.
- 

Sig: X in the summary

The signature pad was left empty. Cancel, sign, then submit.

This page says

Supervisor #1: Phone must be 9 digits

OK

Tap OK, fix the answer it names, then press Review & Submit again.

FORM A IN FIVE MOVES

Pin this on the back of the tablet case.

Form A opens the visit. Forms B to J attach to the facility record you have just created — so if Form A is wrong, everything after it is wrong too.
